About Deirdre's House

Deirdre's House, is the Center for children who have suffered abuse and/or neglect, or witnessed violence. Deirdre's House plays a critical role in Morris County's ability to address the needs of child victims of physical and sexual abuse. It is the only site in Morris County where a child victim under the age of 12 can be interviewed, medically examined and treated, digitally recorded, and clinically counseled in English or in Spanish – all under one roof. Since opening it's doors twenty-five years ago, Deirdre's House has provided services to over 40,000 child victims.
